MORE OF EVERYTHING—STORAGE, COLOR & STYLE!

FUNCTIONAL POP ART

Conceived by designer Karim Rashid for Italian cabinetry manufacturer Scavolini, the Crystal kitchen serves up a mouthwatering menu of color and shapes with practical efficiency. Cabinets shown here wear the vibrant Karikon texture. Highly durable and low-maintenance, this concept lets you coordinate colorful cabinetry for a truly personalized yet workable kitchen. • scavolini.us

SIZED TO FIT

As small kitchen doesn't have to cut corners on efficiency or style, as Berkeley Mills' Castro Vallay design shows. Upper and lower cabinets in various sizes hold everything from utensils to cookware, keeping counter tops clear. Cabinets and drawers open easily and under cabinet lighting makes up for lack of natural light. The space is configured so two can work comfortably on the same meal. • berkeleymills.com; 877-426-4557

REACHING NEW HEIGHTS

Created to meet the guidelines for the Americans With Disabilities Act (ADA) Standards for Accessible Design, Aristokraft® Cabinetry's Universal Design line blends design and storage flexibility with seven door styles and three wood varieties. Base cabinets, such as the sink unit and microwave holder, are available in varying widths with adjustable shelving for greater ease of use and accessibility. • aristokraft.com; 812-482-2527

ENDURINGLY APPEALING

With its fresh, streamlined style and sturdy construction, HomeCrest Cabinetry's Rainier offers the best of both worlds: high-quality wood veneer slab-door cabinetry and superior stability that withstands the effects of humidity and other environmental elements that can permanently damage wood. Offered in cherry or maple wood in several finishes along with customized storage options, Rainier can be configured for any size kitchen or bath. • homecrestcabinetry.com; 574-535-9300

GREEN BY DESIGN

ALNO's cabinetry uses nontoxic paints and lacquers free from heavy metals and low in emissions. All lumber, veneers and panels are from fully sustainable forests. Shown here, ALNO GLOSS pair high-gloss foil-finished surfaces with black cabinets. Add-on units include rollers shutters, wall units with lifting or folding doors, drawer inserts and a pull-out organizer. Fully functional design maximizes wall space. • alno.com; 617-896-2700

TIME TRAVEL

You'll feel transported to a simpler time with Plain & Fancy's new Georgian Cottage Kitchen. Pairing classic architectural elements with a casually rustic aesthetic, the result is down-to-earth elegance. The conveniently configured island pairs an ample worktop with generous storage concealed in deep drawer pullouts and customized trays. Helpful cabinetry features include two pull-out spice racks, a plate rack and mullion-windowed display cabinets. • plainfancycabinetry.com; 800-447-9006

CUSTOM CREATION

Known for its customized contemporary offerings, Fieldstone Cabinetry's Bamboo Exotic Veneer is the company's newest door style. Created from renewable hardwoods, its fresh look and clean lines create balance with simplicity. Certified NAUF—no added urea formaldehyde—with a water-based, non-acrylic finish. Other sustainable choices include rosewood and wenge. • fieldstonecabinetry.com; 800-339-5369
